SCHOLAR ONESEARCH
FINDING YOUR COURSE RESERVES

Northeastern University
University Libraries
What are course reserves?

A professor may set aside materials for class reading and use. These materials have **shortened loan periods** and are often restricted to **in-library use** [except for e-books].
On the library homepage, use the **Scholar OneSearch** dropdown menu to select **Course Reserves**.

Enter the **course code** or your **professor’s name** in the search box.
Your course reserves list

Course Reserve materials will have a location of Reserve Stacks, Reserve Personal Copy, Restricted Use Reserve, Reserve Photocopy, or Online Access if it is an e-book.
To borrow materials on reserve, visit the Help & Information desk on the first floor of Snell Library during regular service hours. You must provide a current NU Husky ID to borrow course reserve materials.

- You may only borrow one reserve item at a time.
- Most reserve items can be checked out for 3 hours and may not leave the library; a select few are available for 24-hour loan and can leave the library overnight.
- Fines are charged for overdue reserve items.
