APA REFERENCE LIST
CHECKLIST

Are all author names listed in the format of Last name, first and middle initial? For example: Smith, J. H.

Is your reference list alphabetized by the last name of the first author for each source?

Check your capitalization on all article titles. Have you only capitalized the first words of the title and subtitle, along with any proper nouns?

Are book, magazine, newspaper, and journal titles italicized?

Are volume numbers for newspapers, magazines, and journals italicized?

Have you included the first and last page number for each article?

If you are citing electronic sources (websites, e-books, electronic articles), have you included retrieval information (DOI or URL) for these sources?

Are all of your reference list entries double spaced?

Have you used a hanging indent on each reference list entry?
